

COOLING FAN PLASTIC GUARDS, FILTER GUARDS METAL FINGER GUARDS AND MESH GUARDS

A comprehensive stock range of fan accessories for AC and DC stock fans including plastic fan guards, filters guards, metal finger guards and mesh guards.

Metal mesh guards can be used for protection and/or EMC grounding. For fans sizes from 80mm x 80mm square and up to 150mm diameter.

Plastic and metal finger guards are used for contact protection. Plastic fan guards with filter media fitted are used for dust protection with replaceable filter mats.

A standard stock range of AC axial fan accessories, to compliment the stock range of cooling fans. These units are held in stock and are available for immediate despatch.

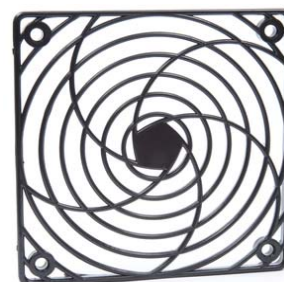

As well as standard stock ranges of cooling fan accessories, there is a wide range of non-stock accessories also available.
