

# TRANSFORMER ACCESSORIES AND CONTROL PANEL ACCESSORIES

Various accessories for transformers, enclosures or control panels:

GA 35 DIN rail adaptor for rail mounting of transformers.  
Fuse terminals for transformers from 250V~500V up to 32A.

A4 wiring/document holder for control panels.  
Control panel pressure equaliser.  
Door switch for controlling lighting.

IP55 filter fan protection hoods to EN60529/10:91.

GA 35 DIN rail adaptor

The GA35 DIN rail adaptor is for mounting standard stock transformers and custom built transformers from 25VA to 150VA to DIN rail.

Transformer fuse options

Reference	Description	Application
GA 35 DIN	Din rail fixing bracket	For 25VA to 150VA 1ph transformers

The TK 4SI and TK 4SI-32 are specialist transformer fuse terminals for fuse ratings from 250V~500V and from 250mA to 10A.  
The FM1038 fuse modules are DIN rail mounted fuse holders for up to 500V and current ratings from 10A to 32A.

Reference	Description	Ratings
TK 4SI	5mm x 20mm transformer fuse Cable size 2.5mm sq	250V 250mA up to 10A
TK 4SI-32	6.3mm x 32mm transformer fuse Cable size 4.0mm sq	500V 1A up to 10A
FM1038	10mm x 38mm fuse Cable size 10mm sq	500V 10A to 32A

General enclosure or control panel accessories:  
A4 document holder with either screw fixing or adhesive tape fixing.  
PA 65 control panel pressure equaliser permits a controlled change in pressure and avoids the entry of dust and water.  
Door switch with 500mm white cable

WJ-1 document holder

PA 65 pressure equaliser

Reference	Description	Size in mm
WJ-1	A4 diagram/document holder	263 H x 263 W x 30 D
PA 65	Panel pressure equaliser to IP45	65.5 mm diam. x 30.5mm D
LK4315	Control panel door switch	With 500mm cable

LK4315 door switch

Filter fan or exhaust filter hoods to increase IP protection from IP54 to IP55.  
Supplied in steel and finished in powder coating to RAL 7035.

Reference	Description	Size in mm
PH10.IP55	To increase filter fan and exhaust filter ratings to IP55	195 W x 255 H x 55 D
PH20.IP55	To increase filter fan and exhaust filter rating to IP55	325 W x 425 H x 60 D
PH30.IP55	To increase filter fan and exhaust filter rating to IP55	410 W x 540 H x 110 D

PH20 IP55 cover
